Full Size and Personal Ice Chests

IMX Series

Up to 8 days ice retention and 40% lighter than rotomolded coolers! The IMX series coolers are built to match the sturdiness and performance of high-end rotomold ice chests without breaking the bank—or your back.

- Injection molded construction with UV inhibitors
- Ultratherm® insulation in body and lid keeps contents colder longer
- Durable marine grade rubberized lid latches to lock in the cold
- Self-stopping integrated lid hinge keeps the lid open even on high seas
- Cool Riser Technology® improves cooling performance by elevating cooler body from hot surfaces
- Anti-skid feet keep the cooler stable and secure on smooth surfaces
- Lockable lid loops for maximum security using standard size lock also allow extra gear to be tied to the cooler for easy transport
- Stainless steel locking plate and bottle opener
- 5 Year Warranty

Heavy-Duty Coolers

Workman Series *** COMING SOON ***

Igloo's new commercial ice chests are helping address heat stress on the job site. These coolers are built to perform. Most hydration experts and regulatory agencies recommend 1 quart of hydration per hour. Load these coolers up with plenty of bottled water and sports drinks for employees to have quick access to fresh, cool drinking water. In an effort to bring awareness to hydration, the front of the coolers are OSHA approved with imprinted bilingual guidelines for avoiding heat stress.

- Imprinted bilingual guidelines for avoiding heat stress
- Cool Riser Technology® – elevated design improves cooling performance

Mfg Part#	Capacity	Ice Retention	Description	Mstr Pk

Eco-Friendly Cooler Recool®

The guilt-free reusable cooler. While thousands of progressive municipalities have already banned the sale of foam coolers, RECOOL is legal in every city, county, state and country.

It won't chip or break when bumped or dropped like what commonly happens with foam coolers. This molded-pulp cooler is reusable, compostable, and friendly to the environment. It provides temperature regulation, cushion, and protection. Product breaks down into carbon dioxide, water, and biomass in the natural environment within 2 years.

- Made out of compostable & biodegradable materials: Recycled paper + AKD (alkyl ketene dimer)
- Reusable – empty water & let air dry
- Lid: 4 Molded-in cup holders & a center handle with Igloo logo
- Body: Molded-in side handles for ease when carrying
- Water Retention: Up to 5 Days
- Ice Retention: Up to 12 Hours
- Sturdy construction that holds 75 lbs.
- Does not produce annoying squeaks like foam coolers
- Made in the U.S.A.
- Patent Pending
